

Pasta Master Italian Cooking Class

The Stefano Marvello Cucina is located in Bowral, the cultural heartland of The Southern Highlands, a short 90 minute drive from Sydney and Canberra. Guests master the art of homemade pasta while baking traditional Italian village-style bread, smelling the aromas from the simmering pots of pasta sauces. We use fresh and local produce - the best that mother nature has on offer.

It's all in the name! This class celebrates the joy of making pasta and seasonal sauces with fresh ingredients. This is by far our most popular experience as Stefano shows guests the art of traditional Italian cooking. Guests will cook and eat together with Stefano, the Italian way.
