We are industry-led and provide a strong voice for tourism in the North West.

THREE EXTRAORDINARY
REGIONS TO EXPLORE:

**BROOME &
DAMPIER PENINSULA.....10**

Broome is a tropical oasis of striking contrasts in both colour and culture - beautiful white beaches, turquoise water, rust-red cliffs, rich Aboriginal heritage and a melting pot of Asian flavours. Enjoy the blissfully chilled vibe the locals like to call “Broome Time”, then venture north to the unique cultural and coastal experience of the Dampier Peninsula.

THE KIMBERLEY..... 44

Journey into the heart of the ancient Kimberley and be awestruck by a landscape of a scale and magnitude barely imagined. Experience natural wonders that defy belief from the domes of the Bungle Bungle to the rush of the Horizontal Falls, the craggy red ranges of the interior, the serpentine contours of the waterways that flow into great aquatic expanses, and the thunderous roar as volumes of water tumble over the tiers of coastal waterfalls.

THE PILBARA 86

Plunging gorges carved from solid rock over eons by the ribbons of water that bring life to the outback. Soaring mountain ranges thrust skyward from the surrounding spinifex plains by the movement of the earth. The world’s oldest art gallery, dating back to the days of the Dreaming when the ancient Aboriginal culture chronicled their lives on the rocks of the remarkable landscape. Offshore islands interspersed with coral gardens and playgrounds for aquatic creatures. Experience the epic Pilbara Region.
