OUR COMMITMENT TO QUALITY

HEALTH & SAFETY

Health & Safety
AS/NZS 4801
SAI GLOBAL

Our practices ensure the business complies with all legislation relating to health and safety. We eliminate or minimise all workplace hazards and risks to as low as reasonably practical and provide information, instruction and training to enable all workers can work safely. We also ensure our staff are trained to the highest of standards.

ENVIRONMENT

Environment
ISO 14001
SAI GLOBAL

Our practices ensure we follow Environmental Laws and Regulations, meeting all applicable local and international regulatory governance associated with aviation based requirements. Where possible, Aero Logistics aims to exceed compliance regimes set, establishing best practice for resource conservation and waste management processes, fuel emissions and energy reduction, recycling and waste management, and environmental impact reporting. Ourbase facilities are inspected and comply to current EPA requirements and standards.

QUALITY

Quality
ISO 9001
SAI GLOBAL

Our commitment includes: Acting with honesty and integrity at all times; Recognising the hazardous nature and risk of our activities and placing safety above all other considerations in conducting our business; Treating our employees, customers, suppliers & all others who interact with our business with courtesy and respect at all times; Ensuring that our products and services are of the highest quality and provide a good value proposition for our customers; Ensuring that our obligations to the community and regulators are met to a high standard; Adopting best practice in each aspect of our business; Striving for continuous improvement.

The Flight Safety Foundation is an international non-profit organization dedicated to providing impartial, independent, expert safety guidance and resources for the aviation and aerospace industry. The Gold Standard is awarded after rigorous annual audits, recognizing companies that uphold the highest safety standards in aviation.

BOOKING PROCESS

User-Friendly and Responsive Process

Our booking process is designed to be user-friendly and responsive, ensuring a smooth experience from start to finish. For any custom requests, we offer free quotes, allowing you to explore tailored solutions that meet the unique needs of your clients. Our team is ready to assist with personalized service, ensuring that all specific requirements are met with the highest level of professionalism and care.

Booking Through FareHarbor Booking Software

To facilitate seamless bookings with AeroLogistics Helicopters, agents and hotels can become affiliates through our efficient booking system, FareHarbor. This partnership streamlines the process and provides easy access to our services. Using FareHarbor, you can easily view availability, make reservations, and manage bookings, ensuring a smooth and efficient experience for both you and your clients.

Booking via Email

For those who prefer a more direct approach, bookings can be made by emailing your request directly to us. Our team is attentive and responsive, ready to accommodate all requests and provide detailed information about our services. Emailing allows for a thorough exchange of details, ensuring that all specific requirements are clearly communicated and met.

Booking via Phone

If you prefer to discuss your needs in real-time, bookings can also be made by calling our office. One of our dedicated staff members will be happy to assist you, providing personalized service and addressing any questions or special requests you may have. This option is ideal for urgent bookings or when you require immediate confirmation and assistance.

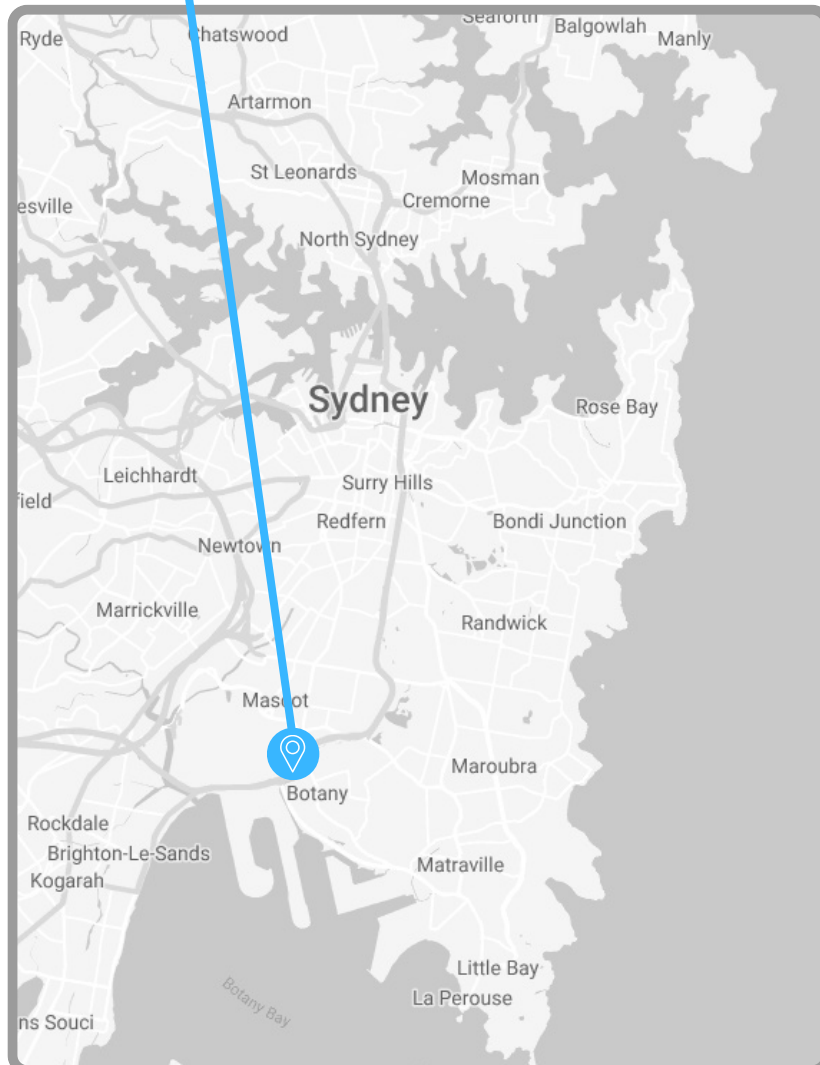

Sydney

We operate a premier helicopter base in Sydney at Mascot Airport, conveniently located just a short drive from Sydney CBD. Blue Sky Helicopters is fully equipped to accommodate groups of varying sizes, ensuring seamless transfers to and from Sydney International and Domestic Airports, as well as Williamtown. For clients seeking direct transportation to their accommodations within Sydney or the surrounding areas, our Mascot Airport base is perfectly positioned to meet these needs efficiently. We are dedicated to providing exceptional service tailored to the specific requirements of cruise ship passengers.
