SCUBA DIVING - IMPORTANT INFORMATION

We have a passion at Reef Experience to show Australia's Great Barrier Reef, so please ensure your guests understand the scuba diving laws. We are regulated by the Queensland Government Code of Practice and comply with all rules, including medical, as is the law.

To avoid disappointment on your day of travel, we strongly recommend that all of our passengers complete our [Dive Medical Questionnaire](#) before booking, as some medical conditions, age and/or medications may prevent you from scuba diving.

FLYING AND SCUBA DIVING

We recommended leaving a minimum of 24 hours after their last scuba dive before flying or travelling to high altitude. Guests can fly and then dive on the same day - but not dive and then fly.

HELICOPTER

For all bookings, a minimum of two passengers or payment thereof is required. For bookings of two passengers, if the combined weight of each passenger (inclusive of carry on luggage) exceeds 240kg, an additional total fee is required to cover helicopter upgrade. All passengers weighing greater than 130kg will need to travel in a 4-seat aircraft due to aircraft specifications.

Luggage Allowance:

A. Helicopters have limited capacity for the carrying of luggage, all passengers are restricted to a maximum 15kg allowance per person (including hand luggage).

B. Luggage is required to be packed into 1 x carry on size case or soft duffle bag per person as these only will fit in the cargo compartment. Excess luggage may be retained at our office until return.
