2. LODGE DESCRIPTION

With the backdrop of its majestic 18-kilometre long sandstone namesake, Mt Mulligan Lodge offers laid-back luxury in the rugged outback environment of Queensland.

A member of the Luxury Lodges of Australia, and set on a 28,000-hectare working cattle station, Mt Mulligan Lodge invites just 28 guests to experience the spirit of the outback through a captivating landscape that's steeped in indigenous significance dating back 37,000 years. The expansive property bears the marks of the historic gold and coal rush and in its current operation, the pastoral history of Australia.

A range of experiences have been designed to embrace the surrounding landscape and its fascinating history. These include guided tours of the Tyrconnell Gold Mine, including a sighting of Australia's oldest operating gold crusher, exploration of the historic Mount Mulligan coal mine and abandoned township, all-terrain vehicle (ATV) adventures, a Mulligan Station Tour, barramundi fishing, sunset drinks, self-guided walks and the chance to witness the operations of a working cattle station (during muster dates only). Please [click here](#) to view our signature and bespoke outback adventures.

Mt Mulligan Lodge is accessible via a 35-minute helicopter flight or fixed wing charter flight, or 2.5 hour 4WD adventure from Cairns.
