

# MONA LIKE A ROCKSTAR

x+  
MUSEUM OF OLD  
AND NEW ART

Jump aboard our super-flash, high-speed ferry at 10.15am. You'll be travelling in the Posh Pit—the ferry's lavish private lounge, bar and deck. Devour complimentary canapés and beverages on the thirty minute voyage along the River Derwent.

The ferry departs Brooke Street Pier on Hobart's waterfront. Rock up at least fifteen minutes prior to departure. Have your ferry tickets handy for boarding.

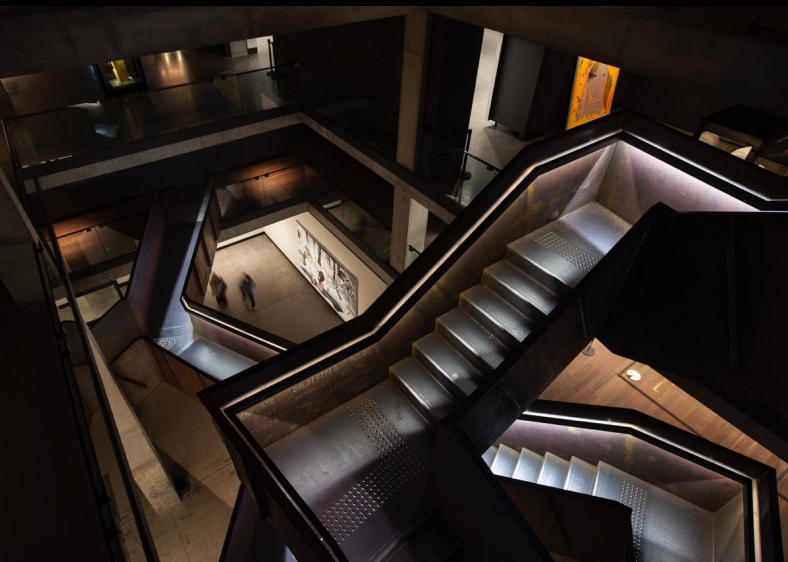

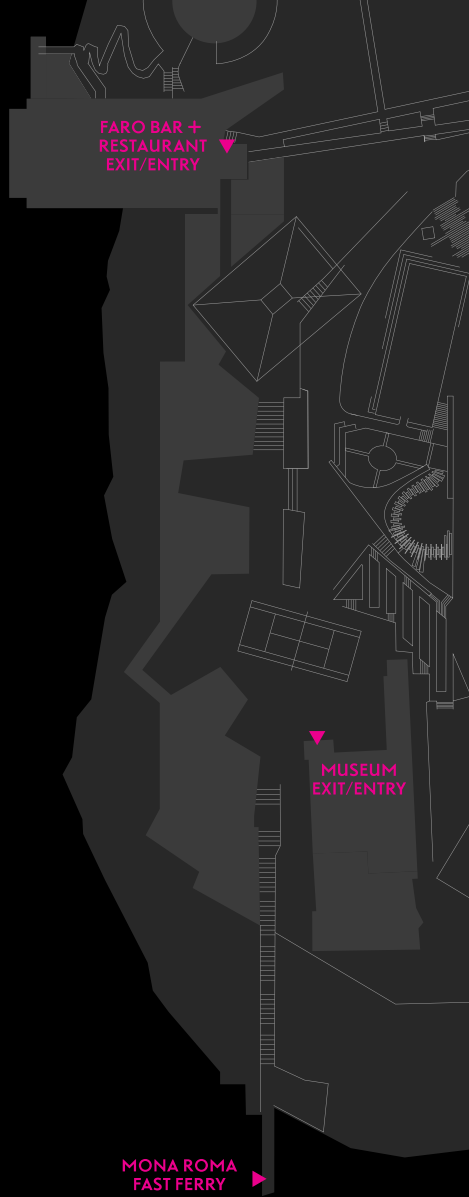

Before arriving at Mona, download the O: it replaces the wall texts in the museum, tells you about the art on display and helps you queue for some of our smaller gallery spaces. But you can also choose to ignore the O entirely and wander around in a state of pleasant reverie / moderate anxiety.

On arrival, as you jump off the ferry, meet your Mona Host on the jetty landing, who will escort you to Void Bar, introduce you to the bartender and get you sorted with a cocktail to fortify yourself for a quick plunge into the nearby galleries.

Afterwards, your host will guide you into the museum's Faro Bar + Restaurant—a cavernous, light-drenched space overhanging the Derwent. Here you will indulge in a feast courtesy of rockstar executive chef Vince Trim. There will be fancy matched wines, too, delivered to you from Mona's wine cellar. Non-boozy options are also available.

Over lunch, you'll be given access to *Event Horizon* by the great American light artist James Turrell. Find out more on the O.

At 3pm, you will be escorted to The Source Restaurant to conclude your dining experience. Suitably fed and watered, you'll spend the rest of the afternoon exploring the museum: highlights (and lowlights) from David Walsh's private collection of ancient, modern and contemporary art, plus whatever exhibitions we have on.

When your exploration is complete, depart for a 5pm Posh Pit return to the city (more canapés, various liquid options). You'll land around 5.30pm—the night will still be young.
