THE STORY SO FAR...

Based on the shores of the coral coast the Lobster Shack is a two hour coastal drive north of Perth, Western Australia. We are a family owned seafood processing operation that specialises in the elusive Western Rock Lobster.

Located on the beach front in Cervantes, just 17km from the famous "Pinnacles National Park", the lobster processing factory offers the complete lobster experience from lobster pot to cooking pot!

The Lobster Shack provides a close up encounter with the most valued single species fishery in Australia; the Western Rock Lobster.

Experience first-hand how they are brought in from the wild, then learn how they are processed in the factory and packaged up to be sent LIVE to destinations all over the world.

Sit back, relax and finish off your journey by enjoying the amazing taste of Western Rock Lobster in our NEW restaurant with 180 degree views of the Indian Ocean.

The Lobster Shack provides a relaxed yet exciting environment for the public to experience all elements of the elusive Western Rock Lobster.

Ultimate Lobster Catching Tour & Feast

Ever dreamed of being a lobster fisherman for the day? Now's your chance. Step aboard for a relaxed yet unforgettable adventure as you cruise the stunning Western Australian coastline, pull up lobster pots from the deep blue Indian Ocean, and experience the very best of the Western Rock Lobster fishery.

Departing from the picturesque shores of Cervantes, our Lobster Catching Tour takes you through an A Class Marine Park, where you'll gain hands on insight as the skipper hauls in pots in search of the elusive Western Rock Lobster. Along the way, cruise past the beautiful Cervantes Islands and keep watch for rare Australian Sea Lions, often seen lounging on the rocks or playfully swimming nearby.

When you return to shore, the experience truly begins.

Prepare for a lobster extravaganza unlike anything else in Australia. Guests are welcomed into a private, newly built dining space, where a dedicated private chef will take charge of your freshly caught lobster. In an open kitchen, chef led live cooking format, your lobster is prepared right in front of you, allowing you to watch, learn, and indulge as the chef shares expert tips, techniques, and secrets of cooking lobster like a professional.

This immersive experience goes far beyond a standard restaurant meal. Enjoy private dining in an exclusive setting, designed to combine fine food, education, and entertainment, truly capturing the journey from ocean to plate.

Guests can also upgrade their feast with additional fresh seafood options, prepared live in the open kitchen by the chef. Subject to seasonal availability, there may even be an opportunity to sample fresh raw lobster sashimi, offering a rare taste of lobster in its purest form.

From hauling lobster pots at sea to watching your catch expertly cooked and served moments later, this truly is the complete lobster experience, authentic, interactive, and unforgettable.
