| SUMMARY                                   | Guests can enjoy a Full Day Moore Reef Tour <u>plus</u> see the beauty of Moore Reef from every angle with a 10-minute scenic flight on a Zoom helicopter. From a helipad at Moore Reef, they can soar high above this natural wonder and admire its sheer size and beauty! Sightings of manta rays, turtles and other marine life are not uncommon and if they're flying in the winter months, there is even a chance of spotting whales!                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                |

| SUMMARY                                   | <p>Guests will begin their Moore Reef adventure with a complimentary transfer from the Reef Fleet Terminal to the Zoom Helicopters Hangar at Cairns General Aviation Airport. After that they'll take off on a breathtaking 25-minute scenic flight over the coral gardens and turquoise waters of the Great Barrier Reef, arriving at Sunlover's spacious Moore Reef Pontoon. Here, guests can enjoy a variety of reef activities and explore this natural wonder before returning to Cairns aboard Sunlover's air-conditioned catamaran.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                |

| SUMMARY                                   | <p>Guests will start their day cruising from Cairns aboard Sunlover's comfortable, air-conditioned catamaran to the spectacular Moore Reef Pontoon. After spending the day exploring the reef, snorkelling, and enjoying the included activities, they'll experience an unforgettable finale: a 25-minute scenic helicopter flight with Zoom Helicopters over the Great Barrier Reef. Upon arrival at the Zoom Hangar (General Aviation Airport), a complimentary shuttle transfer will return guests to the Marina.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                |

| SUMMARY                                                                                             | Guests will begin their Moore Reef adventure with a complimentary transfer from the Reef Fleet Terminal to the Zoom Helicopters Hangar at Cairns General Aviation Airport. After that they'll take off on a spectacular 25-minute scenic flight over the coral gardens and turquoise waters of the Great Barrier Reef, arriving at Sunlover's Moore Reef Pontoon. Guests can enjoy a full day of reef activities, snorkelling, and exploring the pontoon, before boarding their afternoon scenic flight back to Cairns General Aviation Airport. A complimentary shuttle transfer will then return guests to the Reef Fleet Terminal.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                  |

| SUMMARY                                   | Seawalker has been designed to introduce people to the excitement of the underwater world, even without any prior dive knowledge or experience. Unlike traditional scuba diving, Seawalker enables you to breathe through your nose and mouth as you would above water. Seawalker also allows you to experience the wonders of the Great Barrier Reef whilst staying dry.<br>**The Seawalker is conducted on a platform under the pontoon, not on the ocean floor.                                                                                                                                                                                                                                                                                                                              |                      |
| MIN / MAX PAX                             | Maximum of six people per instructor                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                      |
| SCHEDULE                                  | Briefings are conducted on the outward journey to Moore Reef, 10 minutes in duration. Time slot is scheduled and advised to the passenger at that time.
